

Season-in-Review 2015-2016

Perfect Limit Guide Service had a very good season. In general all groups that were looking for collectable birds were very satisfied. We had one bad weather day. On the third and then also on our final day we harvested a perfect limit of 66 Eider, Scoter, Long Tail and Black ducks along with 2 Brant.

We had a new record for banded birds!

- 50 total Eider bands
- One double banded Eider
- 6 banded Black ducks
- 2 King Eiders (one drake and one hen)
